Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Critical Water and Wastewater Infrastructure Improvements in Fiscal Year 2027. The entity to receive funding for this project is the Village of West Union, located at 33 Logans Lane, West Union, Ohio, 45693. The funding would be used for the stabilization of an active slope failure and the replacement and relocation of a water main.

The project is an appropriate use of taxpayer funds because it will be used to design and construct two critical infrastructure improvements necessary to protect public health, maintain regulatory compliance, and preserve essential public utility assets in the Village of West Union.

The project has a federal nexus because the funding provided is for purposes authorized by [Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
