The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Sabina Water Treatment Plant and Water System in fiscal year 2027. The entity to receive funding for this project is the Village of Sabina located at 99 North Howard Street, Sabina, OH 45169.

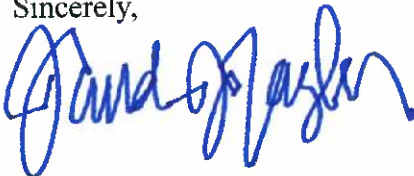

The Village of Sabina, Ohio is seeking funds to replace its existing water treatment plant (WTP) which was constructed in 1961. The current plant faces numerous issues including but not limited to the poor physical condition of the WTP building, filters with poor media quality, and insufficient space to replace the current filters. Notably, repairing the filters is not feasible due to the risk of permanently damaging the thin and corroded steel on the structure.

This is a good use of taxpayer dollars because this project directly impacts the approximately 2,500 residents that rely on Sabina's WTP in addition to other Ohio residents outside the Village that pay for this service. There are also numerous businesses in and around the Village that rely on the WTP as part of their operations. Ensuring the current and future users of Sabina's WTP protects their health and safety while also creating a foundation for future prosperity in the area.

This project has a federal nexus because it is for the purposes authorized in Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Congressman David Taylor
Ohio's Second Congressional District
