The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Gallipolis Industrial Park Lift Station in fiscal year 2027. The entity to receive funding for this project is the Village of Gallipolis located at 333 Third Avenue, Gallipolis, OH 45631.

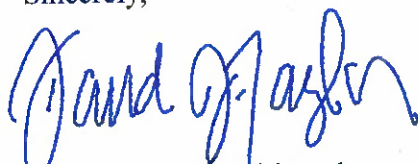

This project will help aid in the development of the Dan Evans Industrial Park, which is projected to add hundreds of new jobs in the coming years. The Park, which is JobsOhio authenticated, is often a top site option for the state as it looks to attract investment. Failure of this lift station would not only jeopardize the existing employment relying on this line but would inhibit the community from its development goals.

This investment will have a tremendous return on investment for taxpayers. By supporting this lift station and the infrastructure of the park, we estimate several hundred new jobs will be added overtime. Current site plans have the potential for 14 buildings to be added at the park with one spec building currently in development at the site. These buildings will create a 5x multiple on every manufacturing job added thus increasing the local economy, tax base, and strengthening local development groups.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Congressman David Taylor  
Ohio's Second Congressional District
